UP'N UNDER BLONDE ALE

Golden colour with compact white head, releasing notes of white and yellow fruits and a very slight hint of white pepper. The body is soft, sustained by an average carbonation with the aromatic part that recalled fruity perfumes, well-balanced thanks to the slightly grassy and floral hops. A simple beer and at the same time intriguing, that fully reflects the spirit of Southern Belgium. It is excellent at the table or for a relaxing beverage after a day at work.

Technical specifications

Alcohol: 5,8% vol.
