# DOGA

## OLD ALE

A muscular beer inspired by a traditional English style that ideally combines foggy British countryside with our gently rolling hills blanketed in vineyards.

A base of light caramelized and roasted malts used in the mashing creates a structure capable of supporting 18 months of aging in casks. Visually, it expresses an intense brown color with red highlights and a light, cream-colored head. The nose immediately picks up a complex mix of sweet and roasted notes of malts and a winy and acid hint. When sipped, it expresses its maximum complexity: full bodied, an elegant note of alcohol, and a delicate acidity. The finish releases oxidative notes that also reveal hints of dried fruit.
